Notified Body  
No.: **0575**

for **DNV GL AS**

Digitally Signed By: Hoff, Øyvind  
Location: DNV GL Høvik, Norway  
Signing Date: 20.01.2017, on behalf of

**Vidar Dolonen**  
**Head of Notified Body**

A U.S. Coast Guard approval number will be assigned to the equipment when the production module has been completed and will appear on the production module certificate (module D, E or F), as allowed by the "Agreement between the United States of America and the EEA EFTA states on the mutual recognition of Certificates of Conformity for Marine Equipment" signed 17 October 2005.

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU.

This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV GL AS of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled.

Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

Certificate No: **MEDB0000122**

### **Product description**

"PU-D20 Steel System"

Composed of:

Layer No 1: Max. 2 mm PU-D20

Layer No 2: Min. 1.5 mm steel tiles

PU-D20 is a two components polyurethane compound with nominal density of 1350 kg/m<sup>3</sup>.

For further details see test report listed under Type Examination documentation below.

### **Application/Limitation**

Primary deck covering, not generating excessive quantities of smoke nor toxic products in fire.

Not to be used as an integrated part of horizontal class A division unless tested as such.

Maximum organic content (PU-D20): 50 %  
Approved colour (PU-D20): Beige

No gaps are allowed between steel tiles.

The product may also be used as floor covering.

The product may be applied over any steel or non-comustible material.

Each product is to be supplied with its manual for installation and maintenance.

### **Type Examination documentation**

Test report no. PFB10163BA dated 3 September 2015 from Danish Institute of Fire and Security Technology (DBI), Denmark.

### **Tests carried out**

Tested according to IMO 2010 FTP Code part 5 and Annex 2, item 2.2.

### **Marking of product**

The product or packing is to be marked with name and address of manufacturer, type designation, fire-technical rating, Mark of Conformity and USCG approval number if applicable (see first page).
